

# Ocean Colour Scene - Riverboat Song

tom:

Intro: **Bm** **C**  
**Bm** **Em** **Bm** **Gbm** **Bm**

[Primeira Parte]

**Bm**  
 I see double up ahead  
**Em**  
 Where the riverboat  
 Swayed beneath the sun  
**Bm**  
 Is where the river runs red  
**Em**  
 Like a king who stalks  
 The wings and shoots a dove  
**Bm**  
 And frees an eagle instead  
**Gbm** **G**  
 It's more or less the same  
**A**  
 As the things that you said  
**Bm**  
 I see trouble up the road  
**Em**  
 Like the things you found  
 In love are by the way  
**Bm**  
 And like to cheat on your soul  
**Em**  
 Like the best and worst  
 Of thoughts that lose control  
**Em**  
 Before you lie on your bed  
 [Pré-Refrão]

**Gbm** **G**  
 It's more or less the same  
**A**  
 As the things that you said  
 [Refrão]

**Bm** **D** **E**  
 And anyway for all the things you know

**A** **Bm**  
 Tell me why does the river not flow  
**D** **E**  
 Anyway for all the things you said  
**A** **Bm**  
 Tell me why does the river run red  
**D** **E**  
 And anyway for all the things you've seen  
**A** **Bm**  
 Tell me when will the river run green  
**A** **Abm**  
 And anyway for all the things you know  
**Gbm** **Bm**  
 Tell me why does the river not flow

( **Bm** )  
 [Segunda Parte]

**Em**  
 It's more or less the things  
**Bm**  
 You fail to say in your way that's your trouble  
**Em**  
 Like a king who stalks the wings  
 And shoots the moon and the stars  
**Bm**  
 And his double  
 [Pré-Refrão]

**Gbm** **G** **A**  
 It's more or less the same as the things that you said  
 [Refrão]

**Bm** **D** **E**  
 And anyway for all the things you know  
**A** **Bm**  
 Tell me why does the river not flow  
**D** **E**  
 Anyway for all the things you said  
**A** **Bm**  
 Tell me why does the river run red  
**D** **E**  
 And anyway for all the things you've seen  
**A** **Bm**  
 Tell me when will the river run green  
**A** **Abm**  
 And anyway for all the things you know  
**Gbm** **Bm**  
 Tell me why does the river not flow
