

Oceans - Cold Ain't For Me

tom:

G

[Verso 1]

It was a summer night Such a perfect day
 We were so laid back Just watching the waves
 It was our time There was no rain We would just love
 Then do it all again The sun set for the last time
 Oh I hate to say goodbye cause we had such a good time
 Here's a toast to the good life

[Refrão]

I can't stop thinking bout the sand in my feet
 I got a heartache cause cold ain't for me
 I wish my worries would wash into the sea
 cause it's far too cold darling cold ain't for me

[Instrumental]
