

Of Mice & Men - Sunflower

Tom: G

When do you see it all around you
 When you fight the light that makes you bloom
 Before you break
 And petals start to fall around
 And I will be the one to catch them when you are crashing down

Can you break away from it all?
 Can you break away from it all?
 Before it drags you under
 (Ab C Ab)

Stay, you'll feel it all around you
 When you find a way to make it through
 Cross the line

Don't find yourself in need of rescue
 I can't be the one to catch you

Can you break away from it all?
 Can you break away from it all?
 Before it drags you under

Break and separate
 Break and separate
 Break and separate
 Break and separate
 Break and separate

Can you break away from it all?
 Can you break away from it all?
 Can you break away from it all?
 Can you break away from it all?
