

Of Monsters and Men - Human

Tom: G
Intro: (2x)

When the words
Weigh heavy on the heart
I am lost
And lead only by the stars

Cage me like an animal
A crown with gems and gold
Eat me like a cannibal
Chasing me, I'm thrown

Breathe in, breathe out
Let the human in
Breathe in, breathe out
And let it in
Once awoke

It will slowly crawl
Beneath the skin
So breathe in, breathe out
Let the human in

Verse:
The womb is still

Shadows form a grill
If I lose control
I feed the beast within
Cage me like an animal
A crown with gems and gold
Eat me like a cannibal
Chasing me, I'm thrown

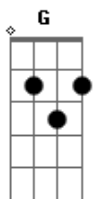

Breathe in, breathe out
Let the human in
Breathe in, breathe out
And let it in
Once awoke
It will slowly crawl
Beneath the skin
So breathe in, breathe out
Let the human in
