

Of Monsters and Men - Stuck In Gravity

tom:

B
[Primeira Parte]

I'm stuck in gravity
I'm far from where I wanna be
I'm like a raindrop in the ocean
I get lost in my delusional reality
I don't know up from down
Or when my feet are on the ground
I've been around for thirty years

[Refrão]

And this high, high love
That you give to me
Is all I'm missing
Yeah, this high, high love
That you give to me
Is dripping down my hands like honey

[Segunda Parte]

I'm stuck in gravity
I'm clawing for some bravery
Try to be still in a moment
And I'm hoping for a never ending odyssey
I don't know high from low
Or when I should be letting go

E

And I need more, I need stars like the colony

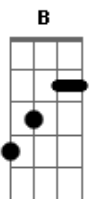

[Refrão]

And this high, high love
That you give to me
Is all I'm missing
Yeah, this high, high love
That you give to me
Is dripping down my hands like honey

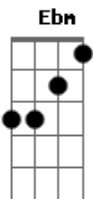

You give me something good
Just give me something good
(**Abm Gb B E**)

Staring out the window
Looking at the rainfall
Hoping for a starlight
Head is still an animal
Staring out the window
Looking at the rainfall
Hoping for a starlight
Head is still an animal
Staring out the window
Looking at the rainfall
Hoping for a starlight
Head is still an animal
Staring out the window
Looking at the rainfall
Hoping for a starlight
Head is still an animal
Head is still an animal
