**F**(high) **Eb** **C** **Db** **F** **A**(high) **A#**(high)

<-- Mute that chord

**F**(high) **Eb**  
 I've been told to get what you want,

 It don't come as easy as that  
**F**(high) **Eb**  
 Look out boy, tomorrow comes  
**Db** **Eb** **F**(high)  
 And things will be better by then

 But I look out the window, look in the mirror

 Same old me again

**F**(high) **Eb**

Do you think you'd sell your soul  
**Db** **Eb** **F**(high)  
 To just have one thing turn out right  
**F**(high) **Eb**  
 For the thousandth time, your turn and find  
**Db** **Eb** **F**(high)  
 It just makes no difference to try  
**F**(high) **Eb**  
 Like Holden Caulfield I tell myself  
**Db** **Eb** **F**(high)  
 There's got to be a better way

 But I lay in bed, stare at the ceiling  
**Db** **Eb** **F**(high)  
 Dream of brighter days  
**F**(high) **A#**(high) **A**(high) **C**  
 Still Can't get it right X4

 And for all I know, I swear I never will

 No way out, same old stuff always drags me down

 No way out, never gonna get it right now  
 (Intro Riff)

 No way out, No way out  
**F**(high) **Eb** **Db** **Eb** **F**(high)  
 No way out, no way out

 Still can't get it right X4
