

# The Offspring - I Choose

Tom: D  
Intro: Riff 1

Só o baixo:

D F G  
Look at me I'm fallin' Off of a cliff now  
I can still hear my mama yelling No No No  
But the words mean nothing  
Can't catch up to me now  
And the view is so beautiful  
All the way down

(Riff 1)  
When I was a little boy  
Suckin' juice from a bottle  
Believing my perceptions were oh so real  
But I don't know nothing  
Still knowing nothing  
Was just enough for me to know the way I feel

D C G D  
This is life What a fucked up thing we do  
C G D  
What a nightmare come true  
F G Bb A  
Or a playground if we choose  
And I choose

(Riff 1)  
Só o baixo de novo

D F G  
Look at me I'm swollen  
Like a banana fish now  
I'm never gonna make it out of my hole  
But I keep on laughing  
Doesn't really matter  
There's dozens of reasons for explaining my soul

(Riff 1)  
When I was a teenager  
Suckin' booze with the Vatos  
Discussing who was gonna live to be 21  
They said they wouldn't make it  
They didn't make it  
We're all naked when the day is said and done

D  
This is life  
C G D

What a fucked up thing we do  
C G D

E G

Bb A  
You just gotta do what you gotta do  
(Riff 1)

Outra vez só o baixo

Now if I wasn't such a weenie  
Do you think you'd still love me  
Pretending I'm an airplane on the living  
Room floor  
But like a lovely generator  
You stand right by me  
And if words were wisdom I'd be talking  
Even more

(Riff 1)  
So I keep on falling  
As I'm looking back above me  
Watching as my mama just becomes a little dot  
Now I'm like DeNiro  
I'm amarillo  
And I'll never know when I hit the ground

D  
This is life
