

The Offspring - It'll be a Long Time

tom:
 G
 All this time has whittled away
 Like so many days in one
 Back and forth the leaders sway
 Backing it up with guns
 Superpowers flex their wings
 Hold the world on puppet strings
 Egos will feed while citizens bleed
 That's always the way it goes
 When will the wo---orld listen to reason
 I've got a feeling it'll be a long time
 When will the tru---uth come in to season
 I've got a feeling it'll be a long time
 I've got a feeling it'll be a long ti--ime
 All they want is what they can defend
 Before their time is up
 Make the same mistakes again
 Heard it all before
 Superpowers flex their wings
 Hold the world on puppet strings
 Egos will feed while citizens bleed
 It's always the way it goes
 When will the wo---orld listen to reason
 I've got a feeling it'll be a long time

 Well if they tried, maybe they'd see
 It'd do a little good to let the world be free
 Handshake and a smile, gets you on through
 Then turn it all around with a suicide move

C G Dm
 But you know it's not fooling any-one but me
 You gotta make yourself see what you want to see
 But you know it's not fooling any-one but me
 You gotta make yourself see what you want to see
 Oh yeah!
