Nothing Town Lyrics:

Verse 1
 Let's make this complicated
 Thinking is overrated
 We're busting out
 Of this shitty little town
 Green grass and colored lenses
 Tear down these picket fences
 Burn in our beds
 While the city lies sleeping

Chorus:
 Why oh why?
 Are we starting up and going down?
 My oh my
 Just the two of us in Nothingtown
 Our superhero play
 We'll leave this town today
 Hold on tighter
 With my lighter
 Shining through

Verse 2:
 These city streets are burning
 Rose red your wheels are turning
 Make me believe
 Someday we could really leave
 Blindfold a new direction
 Stop asking better questions
 Don't figure out
 That we're never getting out

Repeat Chorus:

Why oh why?
 Are we starting up and going down?
 My oh my
 Just the two of us in Nothingtown
 Our superhero play
 Our dreams get in the way
 And I'll row it if you steer it
 I'll yell until you hear it
 Hold on tighter
 With my lighter
 Shining through

Still stuck in Nothingtown
 Still stuck in Nothingtown
 Come on let's go
