

# Ok Go - Dont Ask Me

Tom: **B**

2nd track off self titled album. Cool album great lyrics.  
 Just thought I'd be first to write a tab for something other than Get Over It! StartStaticP  
 Standard tuning  
 Easy song  
 Probably wrong  
 -----  
 Intro: /verse

Quit acting so friendly. Dont nod, dont laugh all nicely  
 Dont think you'll upend me. Dont sigh, dont sip your iced tea  
 Dont say "it's been a while." And dont flash that stupid smile  
 -----  
 Chorus

Don't ask me, Don't ask me, Don't ask me, ask me, ask me how i've been  
 -----  
 Interlude thingy - same as intro/verse  
 -----

verse again  
 Dont think I've forgotten. You never liked that necklace  
 So cordial, so rotten. Kiss, kiss, let's meet for breakfast  
 Don't show up so on time. Don't show up so on time  
 Don't act like you're so kind  
 ----

Chorus

-----  
 bridge-no guitar  
 Don't sit there and play just. So frank, so straight so candid  
 So thoughtful, so gracious. So sound so evenhanded  
 Don't be so damn benign. And don't waste my fucking time  
 ----

Chorus

-----  
 End on
