

# Ok John - Rock 'N' Roller

tom:

Intro: E7 A7 E

E7 A7  
It's gotta be rock n roll music

E7  
If you wanna take a shot

A7  
And live a life with my name

E7 A7  
There's gotta be more than two reasons

E7  
To pretend that you are the one

A7  
And live a life as a band

B7  
The wise man told me kid now don't you care

A7  
Maybe they just won't ever understand

E7 A7  
The sun is now under my hands

E7 A7  
And the moon comes down on my demand

E7 A7  
The trees are helping me stand

E7 A7  
And I have screwed up my plans

E7 A7  
It's gonna be loud when you hear it

E7  
Resonating in your mind

A7  
And it will blow both your ears

E7 A7  
There's gotta be flowers and white lines

E7  
On the table waiting outside

A7  
for my girlfriend and me

B7  
The wise man told me kid now don't you dare

A7  
To sing the only words

that gonna break up your head

E7 A7  
The sun is now under my hands

E7 A7  
And the moon comes down on my demand

E7 A7  
The trees are helping me stand

E7 A7  
And I have screwed up my plans
