

Oliver Tree - Cowboys Don't Cry

tom:

Ab (forma dos acordes no tom de G)

Capostrate na 1ª casa

[Pré-Refrão]

I'm not good at goodbyes
 I miss the sunshine in your eyes
 Who said cowboys don't cry?
 Come on baby, let's take one last ride

[Refrão]

We're riding around this carousel
 If you catch my drift
 We're riding around this wagon wheel
 She took me for a spin
 We're riding around this carousel
 Getting dizzy till we're sick
 Love is like a circle
 There's no easy way to end

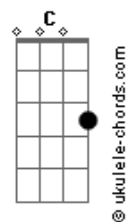

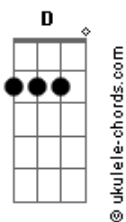

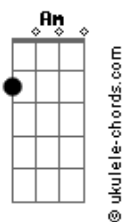

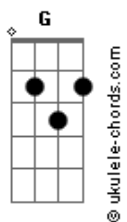

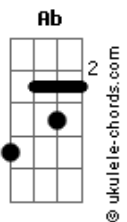

[Primeira Parte]

It's too much, I can't take anymore
 Stuck feeling like we've been here before
 But now the sun stopped shining here in the Wild West
 My heart stopped beating, it has sunk into my chest

[Refrão]

We're riding around this carousel
 If you catch my drift
 We're riding around this wagon wheel
 She took me for a spin
 We're riding around this carousel
 Getting dizzy till we're sick
 Love is like a circle

Acordes

There's no easy way to end

[Segunda Parte]

Just an outlaw who only had one friend
 I wonder if I'll ever see her face again
 Dark clouds hanging over, they follow where I've been
 My cowboy tears are still blowing in the wind

[Refrão]

We're riding around this carousel
 If you catch my drift
 We're riding around this wagon wheel
 She took me for a spin
 We're riding around this carousel
 Getting dizzy till we're sick
 Love is like a circle
 There's no easy way to end
