

# Oliver Tree - Cowboys Don't Cry

tom:  
 Ab (forma dos acordes no tom de G )  
 Capostraste na 1ª casa

[Pré-Refrão]

I'm not good at goodbyes  
 I miss the sunshine in your eyes  
 Who said cowboys don't cry?  
 Come on baby, let's take one last ride

[Refrão]

We're riding around this carousel  
 If you catch my drift  
 We're riding around this wagon wheel  
 She took me for a spin  
 We're riding around this carousel  
 Getting dizzy till we're sick  
 Love is like a circle  
 There's no easy way to end

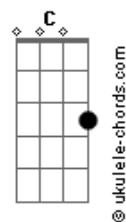

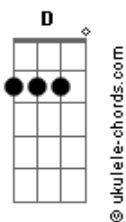

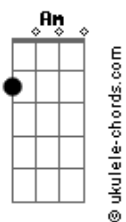

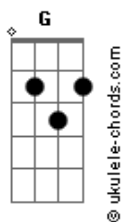

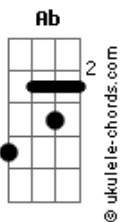

[Primeira Parte]

It's too much, I can't take anymore  
 Stuck feeling like we've been here before  
 But now the sun stopped shining here in the Wild West  
 My heart stopped beating, it has sunk into my chest

[Refrão]

We're riding around this carousel  
 If you catch my drift  
 We're riding around this wagon wheel  
 She took me for a spin  
 We're riding around this carousel  
 Getting dizzy till we're sick  
 Love is like a circle

## Acordes

[Segunda Parte]

Just an outlaw who only had one friend  
 I wonder if I'll ever see her face again  
 Dark clouds hanging over, they follow where I've been  
 My cowboy tears are still blowing in the wind
