

Oliver Tree - Cowboys Don't Cry

tom:

Ab (forma dos acordes no tom de G)

Capostrate na 1ª casa

[Pré-Refrão]

I'm not good at goodbyes

I miss the sunshine in your eyes

Who said cowboys don't cry?

Come on baby, let's take one last ride

[Refrão]

We're riding around this carousel

If you catch my drift

We're riding around this wagon wheel

She took me for a spin

We're riding around this carousel

Getting dizzy till we're sick

Love is like a circle

There's no easy way to end

[Primeira Parte]

It's too much, I can't take anymore

Stuck feeling like we've been here before

But now the sun stopped shining here in the Wild West

My heart stopped beating, it has sunk into my chest

[Refrão]

We're riding around this carousel

If you catch my drift

We're riding around this wagon wheel

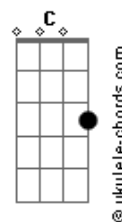

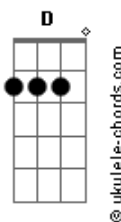

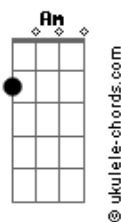

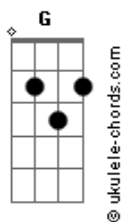

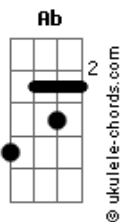

She took me for a spin

We're riding around this carousel

Getting dizzy till we're sick

Love is like a circle

Acordes

There's no easy way to end

[Segunda Parte]

Just an outlaw who only had one friend

I wonder if I'll ever see her face again

Dark clouds hanging over, they follow where I've been

My cowboy tears are still blowing in the wind

[Refrão]

We're riding around this carousel
If you catch my drift

We're riding around this wagon wheel
She took me for a spin

We're riding around this carousel

Getting dizzy till we're sick

Love is like a circle

There's no easy way to end
