Ela só quer cachaça

A7 Bb7

E sai quase de graça

Uma assassina cruel, loira e fria, barata

A me esperar na bancada

E no outro canto uma branca, amarga

A não valer 1 real

A saliva que eu troco e o copo que eu encho

A conversa fiada, a conta não paga, a cortina fechada

A saliva de troco e o copo vazio

A conversa fiada, a conta não paga, a me esperar outro dia

Quando a boca saliva, ela não quer comida

Ela só quer cantar

Quando a plateia é pouca e do palco se escuta

Um louco gri\_tar

Um transeunte qualquer, de viola nos ombros

E cabelo nas costas

E no outro canto a garota de saia e de cachos

Sem lhe dar res\_posta

A saliva que eu troco e o copo que eu encho

A conversa fiada, a conta não paga, a cortina fechada

A saliva de troco e o copo vazio

A conversa fiada, a conta não paga, a me esperar outro dia

( Bb A7 Ab7(#11) G7 )

( Cm Abm Bb F7 )

( Bb A7 Ab7(#11) G7 )

( Gb7(#11) F7 )

Quando a boca saliva, ela não quer comida

Ela só quer acordes

E quando o galo cantar sua música

A gente canta mais forte

Uns de mãos dadas, outros caindo

Tantos querendo mais

É hora do meu embarque, adeus pra quem fica

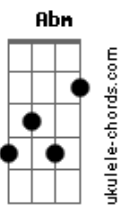

Em paz
