

Olivia Rodrigo - L-o-v-e

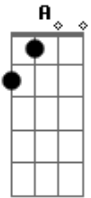

tom:
 C
 C
 A Monday morning you meet me at the hotel
 C You bought me coffee just to spill it on yourself
 F But you never take things seriously
 G It's kinda why I like you so much honestly
 C I wrote a note and left it folded in your pocket
 C You taped it to your wall in your New York apartment
 F Kissing in the taxi cab
 G 'Til the driver gives us dirty looks back
 C Oh, it's l-o-v-e
 C Or something like that

You're crazy
 F But it's not in a bad way
 Dancing on the highway
 G You make me feel older than 17
 C Yeah, this is l-o-v-e
 C Or something really close
 Hey baby
 F I think you're really dope
 I honestly don't know why
 G I should ever leave your side
 'Cause this is love, right?
 [Final] C
