

Olivia Rodrigo - Strangers Again

tom: D D D

Kissing in the car
 We come out after dark
 Finger interlaced under the checkered tablecloth
 I put your jacket on
 You make me take it off
 You'd rather I be cold than ever dare to show me off

Keep your head down as you walk down the road
 And say I love you just in whispers
 But I don't wanna be your dirty secret
 I don't wanna be your love affair
 I don't wanna be your favorite person
 Only when no one is there

And I don't wanna be your sweet escape
 And I don't wanna say w're best friends
 I don't wanna b? your lover undercover
 When you see me at a party
 And we're strangers again

Ah, ah, ah (and we're strangers again)
 Ah, ah, ah (lover undercover and we're strangers again)

Tell me is it me?
 Do you not wanna be seen
 With somebody who's young and unassuming as me?
 Or are you being strange
 So other girls my age
 Will hit you up and give you the attention you crave?
 I'm tired of meeting you at the back door

I don't wanna say I love you in whispers anymore
 I don't wanna be your dirty secret
 I don't wanna be your love affair
 I don't wanna be your favorite person
 Only when no one is there

And I don't wanna be your sweet escape
 And I don't wanna say w're best friends
 I don't wanna b? your lover undercover
 When you see me at a party
 And we're strangers again

Ah, ah, ah (and we're strangers again)
 Ah, ah, ah (lover undercover and we're strangers again)

What is it that makes you do this?
 Thinking that if I were different
 You'd kiss my cheek in public
 Maybe I'm a secret you can't keep

'Cause I don't wanna be your dirty secret
 I don't wanna be your love affair
 And I don't wanna be your sweet escape
 And I don't wanna say we're best friends
 I don't wanna be your lover undercover
 When you see me at a party
 And we're strangers again

Ah, ah, ah (lover undercover and we're, and we're strangers)
 Ah, ah, ah (lover undercover and we're strangers again)

I'm your lover undercover and we're strangers, we're strangers again
