Intro: G Am7 F

[Primeira Parte]

When am I gonna stop being wise beyond my years  
And just start being wise?  
When am I gonna stop being a pretty young thing to guys?  
When am I gonna stop being great for my age  
And just start being good?  
When will it stop being cool to be quietly misunderstood?

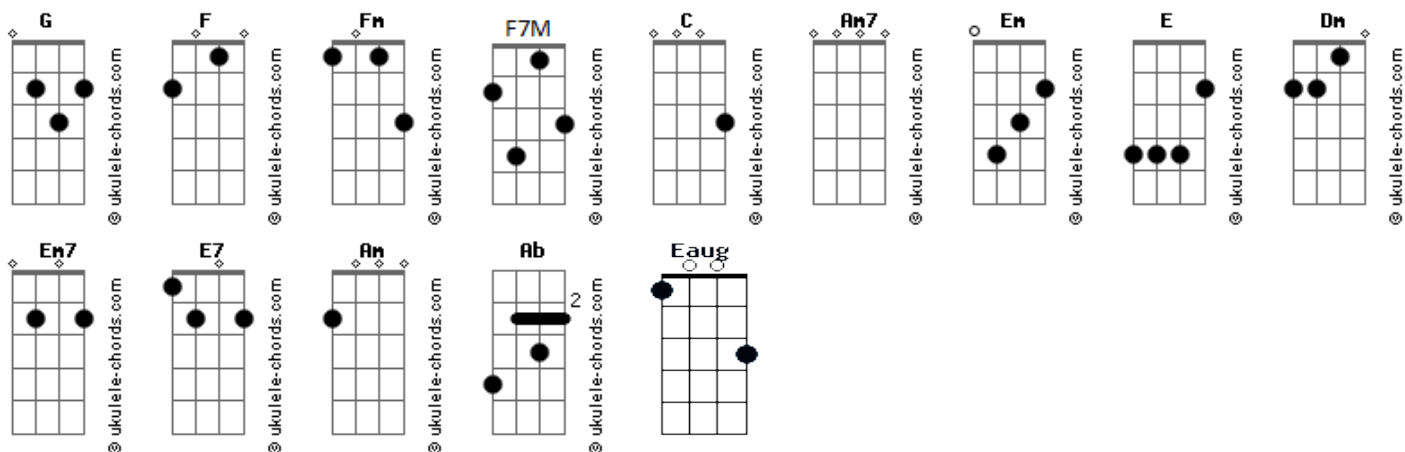

[Refrão]

I'll blow out the candles, happy birthday to me  
Got your whole life ahead of you, you're only nineteen  
But I fear they already got all the best parts of me  
And I'm sorry that I couldn't always be your teenage dream

[Segunda Parte]

When does wide-eyed affection and all good intentions  
Start to not be enough?  
When will everyone have every reason to call all my bluffs?  
When are all my excuses of learning my lessons  
Gonna start to feel sad?

## Acordes

Will I spend all the rest of my years wishin' I could go back?

[Ponte]

They all say that it gets better, it gets better the more you grow  
Yeah, they all say that it gets better, it gets better, but what if I don't?  
They all say that it gets better, it gets better the more you grow  
Yeah, they all say that it gets better, it gets better, but what if I don't?
