

# Ollie MN - Disappear Daily

tom:

G  
[Primeira Parte]

Getting out of bed  
Shouldn't be so hard to do

( G7 C7 )  
But when it's dark inside your head  
Who cares if the sky's blue?

( G7 C7 )

The smallest thing  
Can split my mind in two

[Refrão]

I wish everything  
Came as easily as loving you

As loving you

You

Loving you

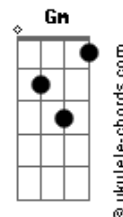

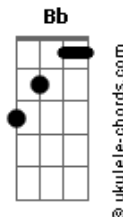

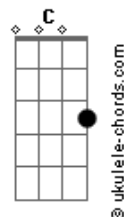

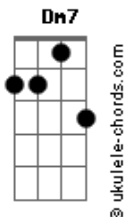

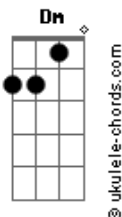

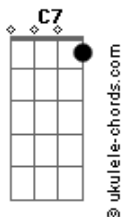

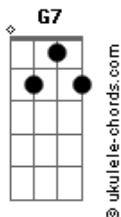

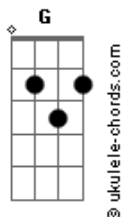

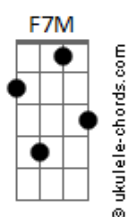

You

[Segunda Parte]

Isn't it fun how I completely  
Disappear daily?

And make it hard to see

## Acordes

Why you love me at all?

Isn't it funny when I can't breathe  
Insist that we both leave  
Your own birthday party  
Cos of nothing at all?

I wanna dance  
Freely like others do

[Refrão]

I wish everything  
Came as easily as loving you

As loving you

You

Loving you

You

[Final]

And I hate myself today

And I hate being seen this way

Everybody wants to be told I'll be okay

But I thought that was what they're supposed to say

"Duh-da-duh"

[Final]
