

Ollie MN - Nuclear Apocalypse Love Song

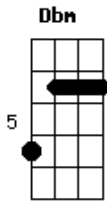

tom:
 Oh, they say Mr. Trump's gonna blow up the world
 And if that's true
 At least I spent the dying days of earth with you
 Everything I've ever known will be dust in a week or two
 So thank God I finally found something to lose

Oh, if Donald sends those nukes
 We'll die tragically young
 And you'll still be in that phase of thinking
 All my flaws are fun
 Oh, if Donald sends those nukes
 At least I can guarantee
 That we'll both be dead before you get
 Sick of me
