

# Onde Está? - Dias de Chuva

Tom: B

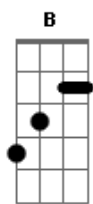

(com acordes na forma de Capotraste na 2ª casa A)

Os dias de chuva são tão necessários  
 quanto as folhas que caem anunciando nova vida  
 Pensando no que há de vir  
 sinto a dor tocar e me arrepiar

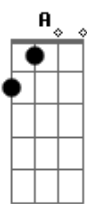

quem dera fosse fácil assim

Sinto você tão perto de mim  
 e ao mesmo tempo vai se esvaindo, se acabando  
 estou à espera do inverno  
 Quero amar sem ter que chorar  
 Quero não ter que entregar  
 Tudo o que eu senti vai contigo, estou em paz.
