

One Direction - We Are

tom:

[Liam]

Leaves have fallen to the ground
 Now there's no one else around
 To hear the cry

[Harry]

I saw your body
 I saw your face
 Loss of presence
 Loss of grace
 Behind those eyes

[Harry & Liam]

We break down
 We lose touch
 Sometimes
 We are alone

[Louis]

I miss your laughter
 I miss your tears
 I miss your rambling
 About your fears
 Your smile

[Niall]

The crowd has gathered
 All around
 No one speaking
 No one makes a sound

[Liam]

And I
 (Oh...)

[Harry & Liam]

We break down
 We lose touch
 Sometimes
 We are alone

(G Em C G)
 [Harry & Niall]

They're never gonna change you
 They're never gonna change me
 We'll always stay the same

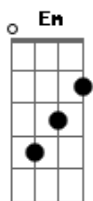

They're never gonna change you
 They're never gonna change me

They're never gonna change you
 (We break down)
 They're never gonna change me
 (We lose touch)
 They're never gonna change us
 (Sometimes)
 We'll always stay the same
 (We are)
 They're never gonna change you
 (We break down)
 They're never gonna change me
 (We lose touch)
 They're never gonna change us
 (Sometimes)
 We'll always stay the same
 (We are)
 They're never gonna change you
 (We break down)
 They're never gonna change me
 (We lose touch)
 They're never gonna change us
 (Sometimes)
 We'll always stay the same
 (We are)
 They're never gonna change you
 (We break down)
 They're never gonna change me
 (We lose touch)
 They're never gonna change us
 (Sometimes)
 We'll always stay the same
 (We are)
