You're insecure  
F G  
Don't know what for  
C  
You're turning heads  
F  
When you walk  
G  
Through the door  
C F  
Don't need make-up  
G  
To cover up  
C  
Being the way  
F G  
That you are is enough  
C F  
Everyone else  
G  
In the room can see it  
C F G  
Everyone else but you  
C F  
Baby you light up my world  
G  
Like nobody else  
C F  
The way that you flip your hair  
G  
Gets me overwhelmed  
C  
But when you smile  
F G  
At the ground it ain't hard to tell  
C F  
You don't know oh oh  
G  
You don't know you're beautiful  
C F G  
If only you saw what I can see  
C  
You'd understand why  
F G  
I want you so desperately  
C F  
Right now I'm looking at you
