

# One Direction - Where do Broken Hearts Go

Tom: E

E  
 Counted all my mistakes and there's only one  
 E  
 Standing out from list of the things I've done  
 A  
 All the rest of my crimes don't come close  
 A  
 To the look on your face when I let you go  
 E  
 So I built you a house from a broken home  
 E  
 Then I wrote you a song with the words you spoke  
 A  
 Yeah, it took me some time but I figured out  
 B  
 How to fix up a heart that I let down

Refrão:

E A B  
 Now I'm searching every lonely place  
 E A B  
 Every corner calling out your name  
 E A B  
 Trying to find you but I just don't know  
 Db A B  
 Where do broken hearts go?  
 Db A B  
 Where do broken hearts go?

Verso 2:

E  
 Get a taste of your lips on the tip of my tongue  
 E  
 It's at the top of the list of the things I want  
 A  
 Mind is running in circles of you and me  
 A  
 Anyone in between is the enemy  
 E  
 Shadows come with the pain that you're running from  
 E  
 Love was something you never heard enough  
 A  
 Yeah, it took me some time but I figured out  
 B  
 How to fix up a heart that I let down
