

One Direction - Why Don't We Go There

Tom: D

(D A D A)

I know you want, I know you want to take it slow
 But think about all the places we could go
 If you give in tonight, just let me set you free
 We'll touch the other side, just give me the key

'cause we've got all night

And we're going nowhere

Why don't you stay?

Why don't we go there?

Lets take a ride

Out in the cold air

I know the way

Why don't you go there with me?

Oh, oh, oh

Oh, oh, oh, oh, oh

Oh, oh, oh

Oh, oh, oh, oh, oh

Say the word, say the word but don't say no

Sky dive, you and I, with just these clothes

The secret's safe with me, there's no right time or place

'cause anyone can see we'll do it anyway

'cause we've got all night

And we're going nowhere

Why don't you stay?

Why don't we go there?

Lets take a ride

Out in the cold air

I know the way

I know the way
 Why don't you go there with me?

Oh, oh, oh

Oh, oh, oh, oh, oh

Oh, oh, oh

Oh, oh, oh, oh, oh

Hey, I don't want you to be the one that got away

I wanna get addicted to you, yeah
 You're rushing through my mind

I wanna feel the high

I wanna be addicted

Just let go-o-o-o-o

'cause we've got all night

And we're going nowhere

Why don't you stay?

Why don't we go there?

Lets take a ride

Out in the cold air

I know the way

Why don't you go there with me?

Oh, oh, oh

Oh, oh, oh, oh, oh

With me?

Oh, oh, oh

Oh, oh, oh, oh, oh

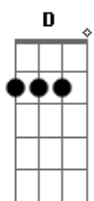

With me?

Oh, oh, oh

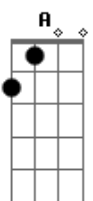

Oh, oh, oh, oh, oh

Why don't you go there with me?
