G Bm A G
We started out as any other story
Then the words begin to fade away
All your smile used to make me smile
But lately I don't feel that way
Try to remember what brought us together
And to forget what's driving us apart
You know we can't wait here forever
Just making time and going no where

Bm A
Is this our last dance
D Bm
Can we take another chance
Em A D Bm G D
To be alone together still
Bm A D
Are we wasting time chasing dreams
Bm
Not yours or mine
Em A
Care for you
G Bm A
I always will

G Bm A G
We can try to keep the love from fading
Cuz? all we have are reasons to be called
Remember when you used to make me smile
