                                                                I feel the love and I feel it burn
Primeira Parte:
                                                                Down this river, every turn
                                                                Hope is a four-letter word
I see this life like a swinging vine
                                                                Make that money, watch it burn
Swing my heart across the line
And my face is flashing signs
                                                                Old, but I'm not that old
                                                                Young, but I'm not that bold
 Seek it out and you shall find
                                                                I don't think the world is sold
Old, but I'm not that old
                                                                  I'm just doing what we're told
Young, but I'm not that bold
                                                                Pré-refrão:
I don't think the world is sold
