

# OneRepublic - Dear Santa

tom:

Bm

Dear Santa, make my wish come true  
There's only one thing on my list

[Primeira Parte]

It's the time of the year  
When I miss you the most  
Sitting next to the fire  
The mistletoe  
I should be feeling the cheer  
While I'm holding you close  
Singing carols and drinking cocoa

[Pré-Refrão]

All the snow outside is fallin'  
I'm here waiting for you, darlin'  
It's all I want this year

[Refrão]

Dear Santa, make my wish come true  
There's only one thing on my list  
To have my baby home for Christmas  
Dear Santa, there's nothing I won't do  
I don't need a lot, just one wish  
Bring my baby home for Christmas

[Post-Refrão]

Yeah, baby home for Christmas  
Bring my baby home for Christmas

[Segunda Parte]

Wrapped the presents with bows  
Put the lights on the tree  
Should be jolly and hearing  
Sleigh bells ring  
So I'll dream and I'll hope  
Wishing by Christmas Eve  
We'll be happy and you're

Here with me
