

# OneRepublic - Life In Color

Tom: A  
Intro: E A Dbm Abm A

Verse 1:

E  
I do my best to find some kind of glow  
A Dbm  
I'm givin' it some heart and soul, now  
Abm A  
From the darkest grays, the sun bursts, clouds break

E  
Yeah, we see that fire

A  
From the streets of Babylon  
Dbm Abm  
To the road that we've been on long  
A  
The kaleidoscope claims another

Chorus:

E  
Whoa oh-oh oh This is life in color  
A Dbm  
Today feels like no other  
Abm A

From the darkest grays, the sun bursts, clouds break

E  
Whoa oh-oh oh This is life in motion  
A Dbm Abm  
And just when I couldn't run this race anymore  
A  
The sun bursts, clouds break

This is life in color

Verse 2:

E  
You've seen my worst, yet you see some hope in me  
A Dbm Abm  
The black and white sets us free like the queen to the rook  
A  
Your decision was a sure thing honey yeah, a sure thing  
E A  
No wonder I feel like I'm missing a heavy load  
Dbm Abm  
But no matter what daylight brings to us  
A

We all know

Chorus x2
