

# OneRepublic - Prodigal

Tom: G

**D** **D**  
 We say good-bye  
 I turn my back  
**G**  
 Run away, run away  
 So predictable  
**D**  
 Not far from here  
**D**  
 You see me crack  
**G**  
 Like a bone, like a bone  
 I'm so breakable

**D** **D** **G**  
 And I take everything from you  
**D** **D** **G**  
 But you'll take anything  
 Won't you?

**D** **G**  
 Run away, run away  
 Like a prodigal  
**Bm**  
 Don't you wait for me  
**G**  
 Don't you wait for me  
**D** **G**  
 So ashamed, so ashamed  
 But I need you so  
**Bm**  
 And you wait for me  
**G**  
 And you wait for me

(O mesmo que a primeira parte)  
 I'm on the road  
 To who knows where?  
 Look ahead, not behind  
 I keep saying  
 There's no place to go  
 Where you're not there  
 On your rope, I hold tight  
 But it's freeing  
 And I take everything from you  
 But you'll take anything  
 Won't you?

**D** **G**  
 Run away, run away  
 Like a prodigal  
**Bm**  
 Don't you wait for me  
**G**  
 Don't you wait for me  
**D** **G**  
 So ashamed, so ashamed  
 But I need you so  
**Bm**  
 And you wait for me  
**G**  
 And you wait for me  
  
**C**  
 Everybody wants to be right  
**A**  
 But only if it's not day light?  
**G**  
 I keep trying to find my way back  
**D**  
 My way back

**D** **G**  
 Run away, run away  
 Like a prodigal  
**Bm**  
 Don't you wait for me  
**G**  
 Don't you wait for me  
**D** **G**  
 So ashamed, so ashamed  
 But I need you so  
**Bm**  
 And you wait for me  
**G**  
 And you wait for me

**D**  
 Runaway  
**G**  
 Runaway  
 Runaway  
**Bm**  
 From you  
**G**  
 From you  
 From you

## Acordes
