

OneRepublic - Prodigal

Tom: G

D D
We say good-bye
I turn my back
G
Run away, run away
So predictable
D
Not far from here
D
You see me crack
G
Like a bone, like a bone
I'm so breakable

D D G
And I take everything from you
D D G
But you'll take anything
Won't you?

D G
Run away, run away
Like a prodigal
Bm
Don't you wait for me
G
Don't you wait for me
D G
So ashamed, so ashamed
But I need you so
Bm
And you wait for me
G
And you wait for me

(O mesmo que a primeira parte)
I'm on the road
To who knows where?
Look ahead, not behind
I keep saying
There's no place to go
Where you're not there
On your rope, I hold tight
But it's freeing
And I take everything from you
But you'll take anything
Won't you?

D G
Run away, run away
Like a prodigal
Bm
Don't you wait for me
G
Don't you wait for me
D G
So ashamed, so ashamed
But I need you so
Bm
And you wait for me
G
And you wait for me

C
Everybody wants to be right
A
But only if it's not day light?
G
I keep trying to find my way back
D
My way back

D G
Run away, run away
Like a prodigal
Bm
Don't you wait for me
G
Don't you wait for me
D G
So ashamed, so ashamed
But I need you so
Bm
And you wait for me
G
And you wait for me

D
Runaway
G
Runaway
Runaway
Bm
From you
G
From you
From you
