

Orla Gartland - Figure It Out

tom:
Intro: Bb Eb Gm
I, I know I never said it
But I thought that you'd figure it

[Primeira Parte]
Bb Dm Bb
I see your name light up on my phone
Dm
I feel a little differently about you than I did not long ago
Bb Dm
You drank too much beer and you got afraid
Bb
You don't remember typin' in my number
Dm Bb
I say it's okay, it's not okay

Bb Eb Bb
[Segunda Parte]
Bb Dm
Next New Year's Eve, I'll see you there
Bb
We'll rotate around the room on different planets
Dm
I say I don't care, but I care

[Pré-Refrão]
Gm Eb Cm F
And I never say it, but I fucking hate it
Gm Eb
You ask if I mind
Cm F
Then you're right there, oh, it's not fair

[Refrão]
Bb Gm
I, I know I never said it
Eb Bb
But I thought that you'd figure it out, I
Gm
Don't have the heart to break it
Eb Bb
So I'm hoping you'll figure it

[Verse 3]
Dm Bb
Out with our friends, I'm speakin' in codes

You know everything that there's to know about me
Dm
It's hard to let go, when you don't let go
Bb
And I heard that you've been doin' fine
Gm
And renting my old room and I
Dm F
Bb
Just hope you don't resent me for the way that I've been
dealin' with it
Dm
I'm not dealin' with it well

[Pre-Refrão]
Gm Eb Cm F
And I can't explain it, I'm more than just jaded
Gm Eb
You ask if I mind
Cm F
Then you're right there, oh, it's not fair

[Refrão]
Bb Gm
I, I know I never said it
Eb Bb
But I thought that you'd figure it out, I
Gm
Don't have the heart to break it
Eb N.C. Bb
So I'm hoping you'll figure it ah-ah-ah-out
Gm
I know I never said it
Eb Bb
But I thought that you'd figure it out
Gm
Don't have the heart to break it
Eb
So I'm hoping you'll figure it out

[Outro]
Bb Gm
It's not hard to read my mind when I'm making it so obvious
Eb
(And so I'm hoping you'll figure it out)
Bb Gm
It's not hard to read my mind when I'm making it so obvious
Eb
(And so I'm hoping you'll figure it)
Bb Gm
It's not hard to read my mind when I'm making it so obvious
Eb
(When I'm making it so obvious)
Bb Gm
It's not hard to read my mind when I'm making it so obvious
Eb
(And so I'm hoping you'll figure it)
