

# Orquídea Negra - Miss You

F tom:

Now I know I remember the time  
 Of the real time when I was touching you  
 And I feel I really remember  
 All those things you made me see  
 And I feel I really remember  
 I can't live without your touch  
 So my girl comes back to my heart  
 I believe you can do that

Oooh I miss your touch  
 Oooh I miss your kiss  
 Oooh I miss your body

Talk to me my princess  
 Talk to me my little girl  
 Bring to me your love  
 Bring to me your peace  
 Leave your fucking magazines  
 About clothes and foolish things away  
 Leave your crazy desires  
 About expensive cars and loosing  
 Trips to the sky  
 Can't you feel I'm broken in a thousand pieces on your feet  
 Can't you see I'm loosing man crying for your soul  
 Can't you feel I'm broken in a thousand pieces on your feet  
 Can't you see I'm loosing man crying for your soul
