

Orthodox Celts - Save Me

```
Tom: C
(com acordes na forma de G )
Capostraste na 5ª casa
Intro: C D G G
Shapes disappear
             G
                 D Em7
Erased by the darkened welcome of the night
           C D
Behind the clouds
                      Em7
            G
The moon set sail across the flaming stars
The night is so quiet
                     D Em7
I still wait your steps to hear and melt the snow
Rage of the Wind
       D
Feeds my hunger while I'm dreamin' alone
Save me girl
Give me shelter in your arms
Save me girl
  D Em7
And blow away my harms
Save me girl
```
