

# Orville Peck - Kalahari Down

tom:  
C

I was born in the badlands, honey  
Am F  
Strange place for a boy to drown  
C Em  
Spent my days on a mountain, baby  
Am F  
Twelve miles north of Sofiatown

( F C G )

You've been gone away, I've been riding around  
F C G  
Running out the days, writing out a song  
F

On my daddy's guitar  
F C G  
Did you find your way? Skip another town?

Said I couldn't stay but it's different now  
F C G  
Yippee ki yi yay, I'm always down

For hanging around

Left to borrow, gone tomorrow  
C G  
Am F  
Baby, there ain't a trail to follow  
C Em Am F  
Better off alone if you ask me  
C G  
Travel lucky, Kawasaki  
Am F  
Maybe, next time I'll take you with me  
C Em Am F  
And I still hear the sound  
C Em Am F  
The wind come up, Kalahari down

Kalahari down

Polish in your whip, never drove it far  
F C G  
Circling the veld, spittin' in the jar  
F

On your Daddy's farm  
C G  
You say you're afraid, tell me not to frown

Play a song, you dance around  
F C G  
Yippee yo ki yay, we'd hit the ground

Still tumbling down

What do I know? Buncha sorrow  
C Em  
Am F  
Promises of a desperado  
C Em Am F  
Through the rusty sky I feel the breeze  
C Em  
Where do we go? Mendocino?  
Am F  
Maybe some day I'll get to see all  
C Em Am F  
The places like Torino's never been  
C Em Am F  
And I still hear the sound  
C Em Am F  
Wind come up, Kalahari down  
Kalahari down

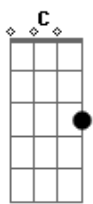

Left to roam on a reckless wander  
C Em  
Am F  
Raising sand on the setting sun  
C Em  
Keep an eye on that dusty highway  
Am  
Tell my mother I'm nearly done

And I still hear the sound

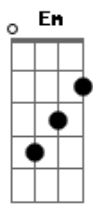

Wind come up, Kalahari down

Kalahari down
