

Os Cavaleiros Do Zodíaco - Hero

tom:

Intro: ^{Em} ^C ^G ^D

^{Em} I was such a mess

The other day

I hurt myself to see

Oh, if you care

If you play

Like cracks in the mirror

Oh, I slit my skin

?Til I, I felt something real

Cause I was losing

Losing my reflection

There?s a hero in you

Inside of you

Who'll resolve the doubt

But I?m asking why I?m still here

Standing in the rain

(^{Em} ^C ^G ^D)

Did I fail you dear

Like painless suicide

You burried the creed

^D
 Beneath blood-red roses
^C Had life, life had just begun
^G ^F
 I knew nothing could stay the same

But the feeling

Can the feeling last forever?

There?s a hero in you

Inside of you

Who'll resolve the doubt

But I?m asking why I?m still here

Standing in the rain

They said there?s a hero in you

Who?d fight with fears

Who could set you free from pain

From the world

In a world you?ve been left alone

There?s a hero in you

Inside of you

Who'll resolve the doubt

But I?m asking why I?m still here

All by myself

Feeling the touch of rain on my skin

Acordes
