

# Oscar Lang - You

Tom: E

Years spent alone

Thought that I was happy on my own

Then you came a long

Made me realise that I was wrong

A A7 E  
It's you, it's you, it's you, it's you

E  
I don't think you know

You came and found me when I was at my low

Time's moving slow

It's time for us to give it a go

A7 A E  
It's you, it's you, it's you, it's you

## Acordes
