

# Oswaldo Montenegro - A Dança da Cor

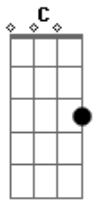

Tom: C

De manhã fugi da escola  
 Todo o bom humor que eu guardei numa sacola  
 Hoje estava ao sol  
 E o sol era uma bola deslizando  
 Apareça a qualquer hora com cara de amor  
 Me pergunte a cor da amora  
 Seja como for  
 Apareça e vá embora

Como toda a cor que há na aurora, amor

Cada cor tem sua hora sem nenhum pudor  
 Dança, dança e vá embora  
 Vá pra onde for  
 Sempre ficará de fora do que iluminou  
 Como a cor do céu adora brincar de outra cor  
 Como o olhar de quem namora  
 Ou de um grande ator  
 Dança a luz em fauna e flora:  
 A dança da cor
