

# Oswaldo Montenegro - Magia

Tom: A

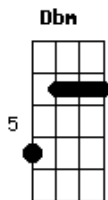

Magia é o que faz voltar  
 Contra quem desejou o que de mal me desejam  
 O olho refletindo que vem contra mim  
 Os magos todos louvados sejam  
 No dia em que olhei pro mar  
 E alguém revelou que lá no fundo latejam  
 Os corações meninos de cem querubins  
 Que o fundo desse lago azulejam

Dá-me Brasília a calma  
 Que hoje Madalena precisa em mim  
 Me encha de luz a alma  
 Que o vento da alegria responda que sim  
 Dá-me Brasília a calma  
 Que hoje Madalena precisa em mim  
 Me encha de luz a alma  
 Que o vento da alegria responda  
 Que o vento da alegria responda depressa  
 Que o vento da alegria responda depressa que sim
