

# Owl City - Honey And The Bee

Tom: C  
Intro: C F

Verso 1:  
Don?t remind me that someday I?m a windshield  
And other days I?m just a lucky bug

As cold iron rails  
Leave old mossy trails through the countryside

Verso 2:  
The crow and the bean field  
Are my best friends but boy I need a hug (boy I need a hug)  
Cause my heart stops without you  
There?s somethin? about you that makes me feel alive

Refrão:  
If the green left the grass on the other side  
I would make like a tree and leave  
But if I reached for your hand would your eyes get wide  
Who knew the other side could be so green

Verso 3:  
Don?t remind me, I?m a chickadee in love with the sky  
But that?s clearly not a lot to crow about  
Cause when the stars silhouette me  
I?m scared they?ll forget me, and flicker out

Verso 4:  
I taste honey but I haven?t seen the hive

Yeah I didn?t look, I didn?t even try

But still my heart stops without you  
Cause of something about you that makes me feel alive

(Refrão)

Ponte:  
(00000h) We are the honey and the bee (00000h)  
Backyard of butterflies, surrounded me  
And I fell in love with you, like bees to honey  
So let?s up and leave the weeping to the willow tree  
And pour our tears in the sea  
I swear, there?s a lot of vegetables out there, that crop up for air  
And yet I never thought, we were two peas in a pod  
'Till you suddenly bloomed and I knew  
That I?d always love you  
Oh I?ll always love you too

(Refrão)

Refrão:  
If the green left the grass on the other side  
I would make like a tree and leave  
But if I reached for your hand would your eyes get wide  
Who knew the other side could be so green  
And if I reached for your hand for the rest of my life  
Who knew the other side could be so green
