

Owl City - Honey And The Bee

Tom: C
Intro: C F

Verso 1:
Don?t remind me that someday I?m a windshield

And other days I?m just a lucky bug

As cold iron rails
Leave old mossy trails through the countryside

Verso 2:
The crow and the bean field
Are my best friends but boy I need a hug (boy I need a hug)

Cause my heart stops without you
There?s somethin? about you that makes me feel alive

Refrão:
If the green left the grass on the other side
I would make like a tree and leave
But if I reached for your hand would your eyes get wide
Who knew the other side could be so green

Verso 3:
Don?t remind me, I?m a chickadee in love with the sky
But that?s clearly not a lot to crow about

Cause when the stars silhouette me
I?m scared they?ll forget me, and flicker out

Verso 4:
I taste honey but I haven?t seen the hive

Yeah I didn?t look, I didn?t even try

But still my heart stops without you
Cause of something about you that makes me feel alive

(Refrão)

Ponte:
(00000h) We are the honey and the bee (00000h)
Backyard of butterflies, surrounded me
And I fell in love with you, like bees to honey
So let?s up and leave the weeping to the willow tree
And pour our tears in the sea
I swear, there?s a lot of vegetables out there, that crop up for air

And yet I never thought, we were two peas in a pod
'Till you suddenly bloomed and I knew
That I?d always love you
Oh I?ll always love you too

(Refrão)

Refrão:
If the green left the grass on the other side
I would make like a tree and leave
But if I reached for your hand would your eyes get wide
Who knew the other side could be so green
And if I reached for your hand for the rest of my life
Who knew the other side could be so green
