

Owl City - Kelly Time

tom:

Intro: F B F Dm B C F

Well video tapes and ice skates
Are beautiful things
Like a birthday card for Johnny
And a pair of angel wings
You were tryna light a fire
And all you wanted was a match
But you knew I didn't have one
So it was odd that you should ask
No, it wasn't just the plane crash
That shake you to the core
But the very thought of losing her
That made it all worth dying for
(I'm sorry)
(I'm sorry)
We both washed up on that island
All alone without a friend
Thinking you and I were gonna die there
And that would be the end
But as the weeks turned into months
I saw you overcome your fears
And as we became companions
All those months turned into years
We would talk and talk for hours
You would make sure I felt heard
'Cause you knew what I was saying
Though I never said a word
Ooh-ooh-ooh-ooh
I'm ready for anything
Ooh-ooh-ooh-ooh, ooh
Who knows what the tide could bring?
Ooh-ooh-ooh-ooh, ooh
Yeah, I'm ready for anything
Ooh-ooh-ooh-ooh, ooh
Who knows what the tide could bring?
After fifteen hundred days
You and me escaped to sea

And I knew that you still loved the girl
From Memphis, Tennessee
Out there on that lonely ocean
We met a passing humpback whale
'Cause all the way from Bakersfield
The tide gave us the sail
And just like that it happened
The waves took me away
And I'm sorry, I'm so sorry
That you lost a friend that day

Ooh-ooh-ooh-ooh
I'm ready for anything
Ooh-ooh-ooh-ooh, ooh
Who knows what the tide could bring?

[Ponte]

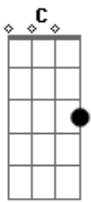

(B G D)

Well you and me went on a journey
Full of tragedy and pain
But I'm grateful I was with you
Through the sunshine and the rain
And when I wonder where you are now
I'll probably never know
But my friend I hope you made it
And somehow you finally made it home
I have an ocean-worth of questions
But if I do know one thing
Is that the sun will rise tomorrow
And who knows what the tide could bring?
Da-da-da-da-daa (goodbye my friend, I'll never forget you)
Doo-doo-doo-doo-ooh-ooh
(Hey, hey) Hey, Kelly are you there? Pick up
I know I said I'd be back
And like that
Nobody knew where I was at
All my logic said I would never see you again
After four years, I'm missin' you so bad
But here I am
And now I have to learn to let you go
Even though I love you more than you'll ever know

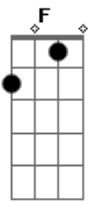

I'm gettin' used to half a heart and the way things are
 But Kelly, I never should've gotten outta the car
 I'm sorry
 Ooh-oooh-oooh-oooh
 I'm ready for anything
 Ooh-oooh-oooh-oooh, ooh
 Who knows what the tide could bring?
 Ooh-oooh-oooh-oooh
 I'm ready for anything
 Ooh-oooh-oooh-oooh, ooh
 Who knows what the tide could bring?
 I'm sorry

For everything
 But nobody knows what the tide could bring
 You know, nobody knows what the tide could bring
 Videotapes and ice skates are beautiful things
 Like a pocket watch on Kelly Time and a pair of angel wings
 When the birthday card to Johnny
 It made me realize
 That the most beautiful thing in the world
 Is, of course, the gift of life
 The most beautiful thing in the world
 Is to be so wonderfully alive
