

Owl City - Lonely Lullaby

Tom: C

^D Symphony of silver tears,
^D Sing to me and sooth the ring in my ears,
^D Overcast these gloomy nights wear on,
^D But I'm holding fast because it's darkest just before the dawn.

^{Am} I sang my princess fast asleep,
^G 'Cause she was my dream come true,
^F Oh Anmarie, believe me, I loved you.
^{Am} But now those lonely lullabies,
^G Just dampen my tired eyes,
^F Because I can't forget you.
^{Dm} Because I can't forget you.

^D I'll dissolve when the rain pours in,
^C When the nightmares take me,
^D I will scream with the howling wind,
^C 'Cause it's a bitter world and I'd rather dream.

(D Am C G) (2x)

^D Dizzy love turned a star lily pink,
^D And hung above our lids too flushed to blink,
^D But icy blue froze the fairytale cold,
^D Though I treasured you and you sparkled with someone to hold.

^{Am} I sang my princess fast asleep,

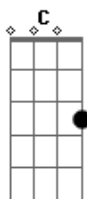

^G 'Cause she was my dream come true,
^F Oh Anmarie, believe me, I loved you.
^{Am} But now those lonely lullabies,
^G Just dampen my tired eyes,
^F Because I can't forget you.
^{Dm} Because I can't forget you.

^D I'll dissolve when the rain pours in,
^C When the nightmares take me,
^D I will scream with the howling wind,
^C 'Cause it's a bitter world and I'd rather dream.
^D I'll dissolve when the rain pours in,
^C When the nightmares take me,
^D I will scream with the howling wind,
^C 'Cause it's a bitter world and I'd rather dream.

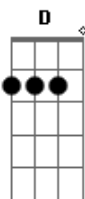

(D Am C G)
 I'd rather dream...

^F Anmarie... I'll never forget you.
^F Anmarie... I'll never forget you.
^F Anmarie, remember me?
^G I'll never forget you.
^F Anmarie, remember me?
^G I'll never forget you.
^F Anmarie, remember me?
^G I'll never forget you.
