

Owl City - The Technicolor Phase

Tom: G

I am the red in the rose, the flowers
 on the blankets on your bedroom floor.
 And I am the gray in the ghost that hides
 with your clothes behind your closet door.

I am the green in the grass that bends back
 from underneath your feet.
 And I am the blue in your back alley view
 where the horizon and the rooftops meet.

Break: Em, G 4x (not sure about this, but it sounds fine and works for me when I play)

If you cut me I suppose I would bleed
 the colors of the evening stars.
 You can go anywhere you wish cause I'll be there, wherever you
 are.

(I will always be your keys
 when we are lost in the technicolor phase)

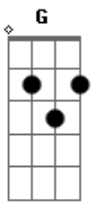

I am the black in the book
 the letters on the pages that you memorize.
 And I am the orange in the overcast
 of color that you visualize.

I am the white in the walls that soak up
 all the sound when you cannot sleep.
 And I am the peach in the starfish on the beach
 that wish the harbor wasn't quite so deep.

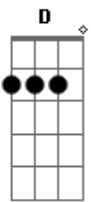

(break) Em G

If you cut me I suppose I would bleed
 the colors of the evening stars.
 You can go anywhere you wish cause I'll be there, wherever you
 are.
