

Ozark Mountain Daredevils - It'll Shine When It Shines

tom:

G

G

The old cat on the roof

He can stand a little push

Cause he's got nine good lives to live
(Bass Run - Single notes: D-C-B-A)

But like my Mama said

You only live till your'e dead

And you got to give and give and give
(Repeat Bass Run--after every other stanza as well)

There's a pebble int the pond
Going on and on
Makng waves and tides and riplles and rain

There's a leaf in the wind
The don't know were to end
Chasing days and ways an wishes and dreams

Seems like everyone is out, looking for the sun

Singing rain and pain on he who hesitates

But it'll shine when it shines

You might think I'm wasting time

But I'm just a good old boy that's learned to wait

Wipperwil's in the Dawn

Pretty soon he'll be gone

But he's got one good song to sing

Like my Daddy said

It's in your heart not your head

So you'e got to sing and sing and sing

Theres a window in the wall

Looking out on it all

Chasing fears and tears and troubles alone

Theres a fire in the stove

Keeping out the cold

Warming wine and winters and babies and homes

Seems like everyone is out looking for the sun

Singing rain and pain on he who hesitates

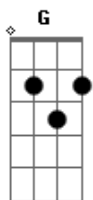

But it'll shine when it shines

You might think I'm waisting time

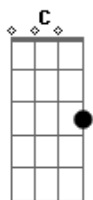

But i'm just a good old boy thats learned to wait

Yes i'm just a good old boy thats learned to wait
