Riff Placement and Lyrics:

Intro: (Riff **A** twice)

Verse 1 (Riff **A** four times)

Wrything and screaming, the pain just won't go
he'll show you no mercy.
Your image in his hands, it's useless to try
escaping his cuses.

Bridge 1 (Riff **B** once)

The pins and needles prick the skin of little dolls

(Riff **A** twice)

Verse 2 (Riff **A** four times)

Tortured and flaming, you'll give birth to hell
living a nightmare.
It's a pity, you'll pray for your death
but he's in no hurry.

Bridge 2 (Riff **B** once)

The pins and needles prick the skin of little dolls

Chorus (Riff **C** four times)

Nowhere to run - your fate is in his hands
Your time has come - you'll live to his command
I'm warning you - the worst is yet to come
The killer who remains a mystery

Verse 3 (Riff **A** four times)

I that believe in the stories of old
would never fight it.
Demons and curses that play on your soul
like something ignited.
Interlude (Riff **D** five times)

You never imagined such a thing would follow you
(you never thought it was true)
And when it's your time I wonder how you'll do.
Your kind of trouble's running deeper than you see
You broke the rules, you've been a fool
The little dool is you, yeah.

Chorus (Riff **C** four times)

Nowhere to run - your fate is in his hands
Your time has come - you'll live to his command
I'm warning you - the worst is yet to come
The killer who remains a mystery

Solo

Bridge 3 (Riff **E**)
