[Primeira Parte]

Every hallway's painted white as the light  
 That will guide you to your help  
 Making friends with strangers inside my mind  
 'Cause they seem to know me well

[Pré-Refrão]

Hiding the pills inside your mouth  
 Swallow 'em down then spit them out  
 I hear the laughter scream and shout  
 No tomorrow

[Refrão]

When they call your name  
 Better run and hide  
 Tell you you're insane  
 You believe their lies  
 I'm not gettin' out, no (Ooh)  
 I'm not gettin' out alive (Ooh)  
 I'm not getting out (Ooh)  
 'Cause I'm patient number 9 (Ooh)

( Em D A C )

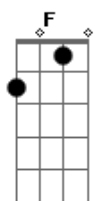

[Segunda Parte]

When the sun goes down, the animals cry  
 That's a sound you won't forget  
 It's the mirror's face you don't recognize  
 It'll get you in the end

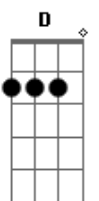

[Pré-Refrão]

Hiding the pills inside your mouth

[Ponte]

When the walls of a padded cell become reality  
 How many tears till I drown myself 'cause no one cries for me?  
 If there's a God, why'd he let the devil do his work on me?  
 Oh, yeah  
 If there's a God, what am I doing here?
