

Pablo Escobar - Alive

tom:

A

I keep dancing

From the bottom of my soul

And there's nothing

To make me stop

Can you imagine the swing?

You really need to try this!

It's a liberating feeling

Of all the troubles that goes on in my mind

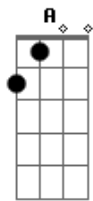

Cause this makes me feel Alive

And fly to the Paradise

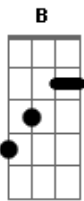

Where we can dance for a while

So close, as side by side

Cause this makes me forget

That still have bad times

When nothing makes sense

When I'm not by your side

Cause This Makes me feel aliiiiiiiiiiiive

Cause This makes me feel alive, a a a a

Cause this makes me feel Alive

And fly to the Paradise

Where we can dance for a while

So we close as side by side

Cause this makes me forget

That still have bad times

When nothing makes sense

When I'm not by your side
