

Pablo Lanzoni - Santiago

Tom: G

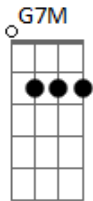

Santiago teve pena do peixe que começara pescar
 Santiago teve pena do peixe que começara pescar
 era peixe, era lua, era mar, era noite de Santiago
 era peixe, era lua, era mar, era noite de Santiago
 Amarela barra do amanhecer, seu pensamento marea

Amarela barra do amanhecer, seu pensamento marea
 Refletia perfeição do universo, mistérios do fundo do mar
 Refletia perfeição do universo, mistérios do fundo do mar
 Quanto o barco dá na praia, Santiago sente a sereia chegar
 Quanto o barco dá na praia, Santiago sente a sereia chegar
 Era água, era areia, era amor no caminho de Santiago
 Era água, era areia, era amor no caminho de Santiago
