

Pacifica - Misled

tom:

A

I don't wanna talk about myself

Got me feeling like I'm someone else

Hiding 'round, I should've been aware

A

Kept believing there was something there

E

Yeah, you know it's getting late

Ain't it strange?

Don't you think that the way you say my name

D

Got me feeling some type of way?

A

Hey, it's not that strange

I don't wanna hear you talk the talk anymore

It's in your eyes, that look I can't ignore

E

Yeah, you're breaking all the rules

That's no good

Can't keep doing the things we always do

D

Now you got me losing my cool

A

Yeah, you know it's true

D

Hey

A

Quit calling me baby

D

Hey

A

What's up with you lately?

E

Hey

D

The way that you're moving is proving

You're leading me on

E

I'm misled

D

So tell me the time and the place

A

And I'll show you how to behave

She ran across to me, and I waved back

D

I grabbed my ticket from the carousel

E

I looked at him, she looked at me

Gb

And something happened

A

I waved back

One, two, three, four

A

Baby, baby

D

You're driving me crazy

E

Been all over you lately

D

But maybe I don't wanna stay

A

I really don't

A

Baby, baby, baby

D

You're driving me crazy, crazy

E

You've been all over me lately

D

But babe, you're a tease

A

And you got me like this

And you don't even drive a fucking car

D

Hey

A

You're driving me crazy

D

Hey

A

What's up with you lately?

E

Hey

D

The way that you're moving is proving

You're leading me on

E

I'm misled

D

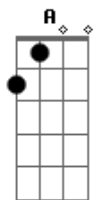

So tell me the time and the place

A

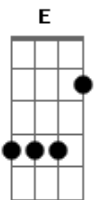

And I'll show you how to behave

Can't believe this is our job
